

# I am Jaqueline

## BMS GRADUATE

### Today I work as

Area Manager Used Cars Western Europe in the company Volkswagen AG.

### I decided to study at HOST because

... the Hanseatic City of Stralsund was a stunning study location right by the Baltic Sea, the university offered a modern and friendly campus, and BMS added the international flavour and, with the deep-dive in the Baltic Sea region, a unique focus beyond the profound basic knowledge in management.

### I especially liked

... the small study groups, the possibility to study fully in English and the flexibility within the BMS degree course to structure the curriculum according to my own preferences, in particular when it came to semesters abroad and internships.

### My BMS-study in 3 words

HANSEATIC, INTERNATIONAL, MEMORABLE.
